

## ANNUAL GENERAL MEETING 2018 – CHAIRMAN’S REPORT

The committee were keen to forge on and build on the great work of its predecessor. They have worked very hard to do so.

Somerset hockey is in a position of strength as it seeks to serve its clubs, teams and players. The competition structures for the juniors and seniors have been adapted following feedback.

The committee have tried to open up a conduit to listen to and act on feedback from the clubs and schools so we can, together, make hockey in Somerset even greater!

Huge thanks must go to all members of the committee for their hard work and dedication.
