

ANNUAL GENERAL MEETING 2018 – MASTERS REPORT

Somerset fielded Masters teams at Mens O40,50 & 60 and Women's O40 during the year, including the West County Festival in Taunton in September, but fixtures hard to find on regular basis. The exception being the Mens O60's who can enter the England Hockey Championship. They reached the QF of the Tier 2 Championship going out to Glos/Hereford 2-1 away.

We hosted a Somerset v Glos day in June in Bath (all teams) and won on overall results. Another event is planned on June 17th.

We should again receive an invite for all teams to enter the West County Festival in Sept but no details yet

West Masters also considering a County Merit Table to assist with fixtures but no details yet

I will be writing to clubs again during the summer to recruit more players/raise awareness. There are still many clubs yet to respond to any emails re Masters hockey.

Congratulations to all those players who have been selected for International Teams for the World Cup in Barcelona in July

The West hosting the Mens O55 Divisional Event at the University of Bath 12-13th May
