

ANNUAL GENERAL MEETING 2018 – WOMENS LEAGUE REPORT

With matches going on well into April due to several snowy weekends, clubs have had an extended season this time around.

Somerset clubs continue to represent the county across several of the higher leagues.

Taunton Vale 1st XI maintain their place in Premier 1, finishing seventh. In Premier 2B we saw Yeovil and Shepton Mallet finishing second and sixth respectively.

Shepton 2nd XI and Cheddar 2nd XI both won their Brunel leagues to gain promotion.

Congratulations to Taunton Civil Service who move up a level having won Sedgemoor Division 1 and also well done to Chard, winners of Sedgemoor 2.

As the League ALM is not due until May 13, any rule changes cannot be confirmed as these will be discussed and decided at the May meeting.

The committee will put forward a couple of additions to the rules which will basically be to tighten up on wording/existing legislation. One such rule for example, relates to the notification to league secretaries of player transfers during the season.

Clubs have been canvassed re the idea of Welsh teams being able to compete in the WCWHL. After much discussion at both national, league and county level, clubs that may be affected were also invited to put their views forward as to which option they would prefer if this was to come about. No doubt we will hear more on this subject next season.
